Support Services Goals

Support services are essential to the successful function of a school system. Management of auxiliary operations is therefore an important responsibility of the district administration. It should be remembered however, that education is the district's central function, and all support services shall be provided, guided and evaluated by this requirement.

In order to provide support services that are truly supportive of the education program, the Board establishes these broad goals:

1. To provide a physical environment for teaching and learning that is safe and pleasant for students, staff and public;
2. To provide support services resources in terms of the needs of the educational program;
3. To provide support services in the most efficient and economical manner.
